Rental Launderable Face Mask Program

- **Program Benefits – clean masks always on hand**
 - Sustainable zero-waste program provides the access to masks without the cost of disposables.
 - Clean masks are kept onsite, allowing your employees to change into a fresh mask at any time.
 - Worn masks are deposited and contained in a secure soil bin and do not have to be taken home.
 - Weekly delivery of fresh, clean masks and pick up of the bins of worn masks.
 - Employee confidence in work place health & safety increase!
- **How The Program Works:**
 - Masks are delivered in packs of 50.
 - Employee deposits worn mask in a secure provided soil bin.
 - Weekly Cintas service rep empties the soil bin and delivers clean laundered masks.
 - Facemasks are laundered in Cintas wash process which is at or above CDC wash recommendations (typically much stronger than home laundry).
